

## TreePro Hip Chain

You really have to try the new TreePro Hip Chain to appreciate just how well its designed. The entire counter assembly now features a click in place locking mechanism. This prevents the mechanism from moving in the box while in use yet it can be easily removed for re-threading. Simply tie thread to any fixed object and walk

to your chosen location.

- 2.5 Kilometer thread capacity
- Sturdy metal hardware
- Simple to re-load
- Accuracy better than 99%

Metric Counter
